

Growth Group Lesson

For the Week of April 18th

This week you are invited to enjoy Face to Face as a Growth Group by participating in the 20/20/20 together. Here is the basic format for how you can do this:

1. The goal of the Face to Face time is to meet with God by being immersed in his Word.
2. Everyone bring a Bible and a journal of some sort (whether that is a laptop, a pad and pen, or a traditional journal).
3. For the lesson portion of your Growth Group meeting, you will spend the first 20 minutes with everyone reading the passages for the day.
4. Then you will spend the next 20 minutes journaling and praying through the passages using the SOAP method (S-Scripture, O-Observation, A-Application, P-Prayer).
5. Then you will spend the final 20 minutes sharing with one another how the Lord met you and spoke to you during that time (for this time you may break into smaller groups or stay together as a large group).
6. Once the sharing time is over, you can have a time of prayer requests or fellowship, or whatever your group normally does after the lesson time.
